WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NOS.: RULE TITLES:
 40D-2.091 Publications Incorporated by Reference

40D-2.801 Water-Use Caution Areas

PURPOSE AND EFFECT: The District proposes to expand the existing boundaries of the Northern Tampa Bay Water Use Caution Area to include all of Pasco County and those portions of Hillsborough County north of State Road 60 that are not presently within the Water Use Caution Area. The effect will be to extend to this region the regulatory requirements applicable within the Northern Tampa Bay Water Use Caution Area, to reduce water demands, improve water conservation and ameliorate environmental impacts in the area.

SUMMARY: In 1989, the District declared portions of northern Hillsborough and southwestern Pasco counties and all of Pinellas County a Water Use Caution Area, known as the Northern Tampa Bay Water Use Caution Area (NTBWUCA), to address groundwater withdrawals that had resulted in lowered lake levels, destruction and deterioration of wetlands, streamflow reductions and salt water intrusion into the aquifer. The boundaries of the NTBWUCA were initially limited to this region because regulations adopted to address these impacts focused primarily on reducing water demands in the most heavily populated areas. Since then, population and water demands in the remaining northern portions of Hillsborough and Pasco counties have grown significantly. Therefore, District seeks to expand the NTBWUCA regulations to these remaining areas. Section 7.3 of the District’s Water Use Permit Information Manual Part B, “Basis of Review” and subsection 40D-2.801(3), F.A.C. are amended to revise the geographic boundary of the NTBWUCA. Rule 40D-2.091, F.A.C. is amended to incorporate by reference the effective date of the amendments to the “Basis of Review.”

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Water Use Permit Information Manual Part B, Basis of Review
 7.3 NORTHERN TAMPA BAY WATER USE CAUTION AREA

The Governing Board originally declared portions of Hillsborough, and Pasco Counties, and all of Pinellas County Counties a Water Use Caution Area (WUCA) on June 28, 1989. The Governing Board approved expansion of the boundaries of the Water Use Caution Area in June 2007. The area designated is shown in Figure 7.3-1; the legal description is provided in paragraph 40D-2.801(3)(a)(e), F.A.C. As of the effective date of this rule, all existing water use permits within the Water Use Caution Area are modified to incorporate the applicable measures and conditions described below. Valid permits, legally in effect as of the effective date of this rule, are hereafter referred to as existing permits. Existing permits within those portions of the Water Use Caution Area added in 2007 shall have until July 1, 2008 to comply with the provisions of this rule. Applicable permit conditions, as specified below, are incorporated into all existing water use permits in the Water Use Caution Area and shall be placed on new permits issued for withdrawals located within the Area. However, both the language and the application of any permit conditions listed may be modified when appropriate. These portions of the Basis of Review for the Northern Tampa Bay Water Use Caution Area are intended to supplement the other provisions of the Basis of Review and are not intended to supersede or replace them. If there is a conflict between requirements, the more stringent provision shall prevail.

**Section IV
 Emergency Rules**

DEPARTMENT OF EDUCATION

RULE NO.: 6AER07-1
 RULE TITLE: Implementation of Florida’s System of School Improvement and Accountability

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: School Grades as defined in Section 1008.34, F.S. are based upon combinations of factors, including annual learning gains as measured by the Florida Comprehensive Assessment Test (FCAT) in reading and mathematics for the third through the tenth grades. In order to accurately determine a school’s annual learning gains, the scoring of the FCAT tests must be accurately equated from one year to the next for each grade and each type of test. However, analyses by the Department of Education, external test experts, and vendors under contract with the Department reveal that the third grade reading portion of the FCAT for the 2006 year was not correctly equated. As a result, the test results for 2006 third grade reading were, in this case, significantly inflated.

The anomaly in the 2006 third grade reading scores was not discovered until after an analysis of the 2007 scores was completed. This information was not available until May 21, 2007. Further, it was not until May 31, 2007, that it was learned that the anomaly could not be corrected by means of rescoring using a valid statistical approach. It is critical that school grades be released as soon as possible after the close of one school year to allow school districts time to prepare for the next school year. The release of these scores has been in early June since 2002. Because of the anomaly, the 2006 third grade FCAT results cannot be used in the calculation of the 2007 school grades as provided for in Rule 6A-1.09981, F.A.C. Specifically, the portion of a school's performance grade based upon annual learning gains, as well as that portion of a school's performance grade based upon the lowest twenty-five percent, must exclude the 2006 third grade reading scores for Florida's public elementary schools. Given the timing of the discovery and the need to release school grades, there is not sufficient time to amend the rule by the non-emergency rulemaking procedures. Moreover, since Florida school districts must prepare for 2007-2008 between July 1, and August 21, (when the 2007-08 school year starts), school grades must be released well in advance. Preparations to be taken by school districts as a result of school grades include: contracting for services to poor performing schools; closing repeat, poor performing schools; shifting staff, students, and faculty; allocating special service resources from state and federal funds; and in some cases, reallocating dollars appropriated through the Florida Education Finance Program.

The assessment of student, school, school district performance and Florida's public school system is heavily dependant upon accurate student achievement data from the FCAT. An inaccurate school grade can deprive a school of performance-based funding under Section 1008.36. Further, the anomaly impairs the ability to identify schools which have not performed well and which have not made sufficient progress in assisting their students achieve proficiency. This ability is, in part, dependant upon the targeting of limited resources to those schools who truly need additional services as evidenced by their school grade. School grades are also one component of Florida's plan approved by the United States Department of Education under the No Child Left Behind Act (NCLB). Schools with low school grades will not meet the progress makers established through the NCLB Act, which will impact available federal funding. As a consequence of this, students in need of services, such as tutoring and additional assistance, will not receive such services. Students in low performing schools are overwhelmingly children from low income families (as evidenced by their receipt of Free and Reduced Lunch assistance from the federal government). They are also schools largely comprised of minority children, children with disabilities and students with limited English speaking backgrounds. A major focus of the NCLB program and the A+ program is to close educational performance gaps

for these children. Without this emergency rule change, the ability of the state and school districts to assist these children in closing educational performance gaps will be seriously hampered.

REASONS FOR CONCLUDING THAT PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The issue with regard to the third grade reading scores, as well as the need to adopt an emergency rule was discussed at a duly noticed State Board meeting, held on June 18, 2007. Further, the matter has been discussed and debated at numerous other publicly-noticed meetings. On May 31, 2007, an FCAT technical advisory committee discussed and debated the issues in Orlando, Florida. The committee is comprised of school district assessment coordinators, vendors and their psychometricians as well as material reviewers. On June 1, 2007, a committee constituted by the Education Commission met to air the issue. This committee included assessment coordinators, representatives of the teachers union, the state school district association and an assessment reform group. This latter committee met again in Tampa on June 13th. These meetings were well publicized and attended by the press and citizens. The Department has welcomed the input of all concerned in dealing with the situation.

SUMMARY OF THE RULE: The emergency rule excludes the 2006 third grade FCAT reading scores from school performance grades, unless the school demonstrates gains with the inclusion of those scores.

THE FULL TEXT OF THE EMERGENCY RULE IS:

6AER07-1 (6A-1.09981) Implementation of Florida's System of School Improvement and Accountability.

(1) Policy Guidance. Accountability for student learning is the key focus of Florida's system of school improvement. Results from the statewide assessment program required by Section 1008.34, Florida Statutes, shall form the basis of Florida's system of school improvement and accountability. Student achievement data from the Florida Comprehensive Assessment Test (FCAT) in grades 3-10 shall be used to establish both proficiency levels and annual progress for individual students, schools, districts, and the state. Results shall further be used as the primary criteria in calculating school performance grades as specified in subsection (5) of this rule, school rewards and recognition, and performance-based funding and shall be annually reported. The statewide assessment program shall be used to measure the annual learning gains of each student toward achievement of the Sunshine State Standards appropriate for the student's grade

level and to inform parents of the educational progress of their public school children as specified by Section 1008.34(1), Florida Statutes.

(a) Full Implementation of Accountability System in School Year 2001-2002 and thereafter. Beginning in school year 2001-2002, the school accountability system will be considered to be fully implemented with the following accountability elements.

1. Designation of school performance grades shall be based on a combination of:

a. Student achievement scores, based on FCAT reading and mathematics assessments in grades 3-10 and FCAT writing assessments in grades 4, 8, and 10;

b. Annual student learning gains as measured by FCAT reading and mathematics assessments in grades three (3) through ten (10); however, in the 2006-2007 School Year, learning gains from grade three (3) to four (4) as measured by FCAT reading, will not be used to calculate a school grade unless schools demonstrate higher learning gains from grade three (3) to four (4) based on the inclusion of the 2006 third grade FCAT reading scores; and

c. Improvement of the FCAT reading scores of students in the lowest twenty-five (25) percent of each grade, aggregated for each school, unless they are performing above satisfactory, defined as FCAT Achievement Levels 4 and 5; however, in the 2006-2007 School Year, learning gains from grade three (3) to four (4) as measured by FCAT reading, will not be used to calculate a school grade unless schools demonstrate higher learning gains from grade three (3) to four (4) based on the inclusion of the 2006 third grade FCAT reading scores.

2. through 8. No change.

(b) No change.

(2) through (15) No change.

RULE NO.: 12DER07-06
 RULE TITLE: Information for Municipal Service Taxing Units and Special Districts Dependent to a County, the Predominant Function of Which is the Provision of Emergency Medical or Fire Rescue Services

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Enrolled House Bill 1B, as signed by the Governor on June 21, 2007, authorizes the Department of Revenue to adopt emergency rules that remain in effect for 18 months and that may be renewed. This act further provides that all conditions imposed by Chapter 120, Florida Statutes, are deemed to be met.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Legislature expressly authorized the Department of Revenue to adopt emergency rules that implement the provisions of Enrolled House Bill 1B, as signed by the Governor on June 21, 2007. The law provides that these emergency rules remain in effect for a period of 18 months and that they may be renewed. The Department of Revenue has taken several actions to inform interested parties about the forms, procedures, and emergency rules that are being developed to implement this new law, and to give such parties an opportunity, to review and comment. These interested parties include Property Appraisers and the professional associations that represent them, counties, municipalities, and independent districts, and their associations. The actions that the Department has taken include: requesting the assistance of other state agencies and professional associations in ascertaining if the information in the relevant sections of House Bill 1B have been understood; and, establishing a new website on which to post information, forms, and procedures associated with implementation of this act.

SUMMARY: This rule explains the application of Subsection 200.185(4)(d), Florida Statutes, applicable to fiscal year 2007-08, to all of Section 200.185, Florida Statutes. The purpose of this rule is make widely available to all local governments affected by Section 200.185, Florida Statutes, the information contained in Subsection 200.185(4)(d), Florida Statutes, which information may not be readily and widely available.

THE FULL TEXT OF THE EMERGENCY RULE IS:

12DER07-06 Information for Municipal Service Taxing Units and Special Districts Dependent to a County, the Predominant Function of Which is the Provision of Emergency Medical or Fire Rescue Services.

(1) Section 200.185(4)(d), Florida Statutes, as created by House Bill 1B, Section 8, provides that dependent special districts and municipal service taxing units, the predominant function of which is to provide emergency medical or fire rescue services, are to be considered independent special

districts for the purposes of calculating the fiscal year 2007-08 maximum millage rates and excluded from the county or municipal maximum millage calculation.

(2) Such dependent districts and municipal service taxing units are excluded for purposes of calculating the maximum millage rate under Subsections 200.185(2) and (3), Florida Statutes.

(3) For purposes of Subsection 200.185(8), such dependent districts and municipal service taxing units are considered independent special districts, and are also excluded from total taxes levied. If such dependent districts and municipal service taxing units have levied ad valorem taxes less than five years, they are not subject to limitation on millage rates in Section 200.185, Florida Statutes, as described in Subsection 200.185(8), Florida Statutes.

WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN THAT on May 9, 2007, the St. Johns River Water Management District's Governing Board has issued an order.

Granting a variance under Section 120.542, F.S. (SJRWMD FOR #2006-15), to Gulfstream Partners, Inc. (Petitioner). The Petition for Variance was received by SJRWMD on April 19,

2007. Notice of receipt of the petition requesting the variance was published in the F.A.W., Vol. 33, No. 19, on May 11, 2007. No public comment was received. This order provides a temporary variance from subparagraph 40C-41.063(1)(c)1., F.A.C., and Section 11.1.3 of the Applicant's Handbook: Management and Storage of Surface Waters (February 1, 2005). These rules provide in pertinent part that a surface water management system may not result in an increase in the amount of water being diverted from the Upper St. Johns River Hydrologic Basin to intercoastal receiving waters. Generally, the Order sets forth the basis of the Governing Board's decision to grant the variance as follows: 1) requiring Petitioner to comply with these rules onsite would create a technological hardship, and 2) Petitioner's financial contribution to the C-1 Rediversion Project or an Alternative Rediversion Project will accomplish the purpose of Chapter 373, Florida Statutes, to prevent harm to the water resources, by facilitating the project's implementation. The C-1 Rediversion Project is a restoration project designed to allow water that would be diverted from the St. Johns River to coastal receiving waters by the Melbourne Tillman Water Control District canal system to drain once again to the St. Johns River.

A copy of the Order may be obtained by contacting: Timothy A. Smith, Senior Assistant General Counsel, at the Office of General Counsel, St. Johns River Water Management District, 4049 Reid Street, Palatka, Florida 32177-2529, or by telephone at (386)312-2347.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT on May 15, 2007, the Division of Hotels and Restaurants received a Petition for a Routine Variance for subsections 61C-4.0101(1) and 61C-4.010(6), Florida Administrative Code, from Cruz Catering Two located in Orlando. The above referenced F.A.C. addresses food supplies, food protection, and physical facilities-except as specifically provided in this rule, public food service establishments shall be subject to the provisions of chapter three and chapter six of the FDA Food Code. They are requesting to do open air food service on a Mobile Food Dispensing Vehicle.

This variance request was approved June 26, 2007, and is contingent upon the Petitioner's use of open-air steam table properly covered and air curtain operating properly according to manufacturer's specifications and Section 6-202-15(D)(2), 2001 FDA Food Code, as to expel possible contaminants and vermin. Approval is also contingent upon Petitioner conducting all re-heating for hot holding at approved commissaries to the proper temperature per Section 3-403.11, 2001 FDA Food Code; and potentially hazardous food is held at proper temperatures according to Section 3-501.16, 2001 FDA Food Code.

The Petitioner shall strictly adhere to subsection 61C-4.0161(2)(c), Florida Administrative Code, and report to the commissary at least once daily when operating. All warewashing is to be conducted at the commissary and strict adherence to employee health guidelines as specified in the Section 2-201, 2001 FDA Food Code, are to be followed. Petitioner shall also use a potable water tank and utilize a wastewater holding tank that is at least 15% larger than the potable water holding tank; and sloped to a drain that is 1 inch in inner diameter or greater, equipped with a shut-off valve. Petitioner must receive potable water from an approved source with written documentation provided and sanitize the fresh water and wastewater tanks at least once every 24 hours.

Copies of the variance and operating procedures are to be present on the MFDV at all times of operation and shall be adhered to as approved by the Division. This variance is not transferable under any conditions. All provisos must be complied prior to final approval and licensing. Any violation of the variance is the equivalent of a violation of the Rule and may result in a rescission of the variance, and subject the Petitioner to disciplinary sanctions as enumerated in Section 509.261, Florida Statutes.

To obtain a copy of the approved variance you may contact David.Fountain@dbpr.state.fl.us.

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND

Notices for the Board of Trustees of the Internal Improvement Trust Fund between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT on May 25, 2007, the Florida Real Estate Appraisal Board has received the petition for declaratory statement from Harold Lee Viverette. The petition seeks the agency's opinion as to the applicability of Sections 475.624(2), 475.624(4), 475.624(14) and 475.626(1)(b), Florida Statutes, as it applies to the petitioner.

The petition seeks the Board's interpretation of Sections 475.624(2), 475.624(4), 475.624(14) and 475.626(1)(b), Florida Statutes, and whether petitioner's purchase of certain assets of an appraisal company, whose owner voluntarily surrendered his license as a result of an investigation by the Department of Business and Professional Regulation, violates and would subject petitioner to discipline under the aforementioned statutes and/or any other applicable laws, rules, or codes.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Thomas O'Bryant, Director, Division of Real Estate, 400 West Robinson Street, Hurston Building, North Tower, Suite N801, Orlando, Florida 32801.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN THAT the Department of Financial Services, Division of State Fire Marshal, has issued an Amended Declaratory Statement on June 21, 2007, in RE: Petition for Declaratory Statement, Sonia Machen, Case #89161.

The original Declaratory Statement, rendered April 27, 2007, contains a scrivener's error. The answer to the first question, part iii, should be that if the roof over the described terrace is greater than four feet in width, sprinklers may be required, at the option of the Fire Marshal, where the overhang is of noncombustible or limited combustible construction. The amended Declaratory Statement makes the correction.

A copy of the Amended Declaratory Statement may be obtained by contacting: Lesley Mendelson, Assistant General Counsel, 200 East Gaines Street, Tallahassee, FL 32399-0340 or by e-mailing your request to Lesley.Mendelson@fldfs.com.

FLORIDA DEVELOPMENTAL DISABILITIES COUNCIL

REQUEST FOR PROPOSALS (FDDC #2007-CC-6600)

LEGISLATIVE PUBLIC RELATIONS/MEDIA CONSULTANT
The Florida Developmental Disabilities Council (FDDC), also known as the "Council", announces the availability of a Request for Proposals (RFP). This RFP is being issued to enhance the information base necessary for the Council's continued efforts to improve the delivery of services to the state's children and adults with developmental disabilities.

Public relations and media consultation is needed to supplement and support the activities of the Council members, staff and volunteers to effectively communicate specific issues concerning individuals with developmental disabilities and their families with members of the Florida Legislature, grassroots advocacy organizations, and the general public. The purpose of increasing effective communication is to garner support for issues affecting individuals with developmental disabilities and their families and to assist Floridians, both lawmakers and the public, to better understand the needs of individuals with disabilities and how best to address those needs.

A public relations/media consultation firm with expertise in "earned media" is being sought to provide assistance and support to the Council to increase and enhance understanding of issues affecting individuals with developmental disabilities and their families. The firm will provide media outreach, support services to the Council's Communication Coordinator

and Public Policy Coordinator, and organizational support and media exposure to local grassroots advocacy efforts. The firm will develop, implement and evaluate a media plan to assist the Council in selecting effective strategies to support and promote two to four developmental disability-related legislative issues and develop grassroots advocacy relative to the selected legislative issues.

Copies of this RFP will be available from the Florida Developmental Disabilities Council, 124 Marriott Drive, Suite 203, Tallahassee, Fl 32301, (850)488-4180 or Toll Free 1(800)580-7801 or TDD Toll Free 1(888)488-8633. The deadline for submitting letters of intent and written questions is prior to 4:00 p.m. (EDT), on July 27, 2007. The deadline for submitting proposals is prior to 2:00 p.m. (EDT), on August 24, 2007. Letters of Intent are not mandatory. Letters of Intent will only be accepted by fax, mail, or hand delivery. Letters of Intent by e-mail will not be accepted.

MINORITY PROGRAM: Minority Business Enterprises (MBE) are encouraged to participate in this Invitation to Bid. Utilization of MBE participation is highly encouraged from all Bidders. MBE's must be certified by the Office of Supplier Diversity.

CLARIFICATIONS/REVISIONS: Before award, the Buyer reserves the right to seek clarifications or request any information deemed necessary for proper evaluation of submissions from all respondents deemed eligible before Contract award. Failure to provide requested information may result in rejection of the response.

The Department reserves the right to accept or reject any or all proposals received and reserves the right to make an award with or without further discussion of the proposals submitted or accept minor informalities or irregularities in the best interest of the State of Florida, which are considered a matter of form and not substance, and the correction or waiver of which is not prejudicial to other proposers. Minor irregularities are defined as those that will not have an adverse effect on the Department's interest and will not affect the price of the proposal by giving a proposer an advantage or benefit not enjoyed by all other proposers. It is understood the proposal will become a part of the Department's official file, without obligation to the Department. Proposals may be rejected if found to be irregular or not in conformance with the requirements and instructions contained herein. A proposal may be found to be irregular or non-responsive by reasons that include, but are not limited to failure to utilize or complete in their entirety prescribed forms, conditional proposals, incomplete proposals, ambiguous proposals, and improper, missing and/or undated signatures.

The Non-Technical Specifications Level IV and V are considered to be applicable to this solicitation and award of contract when made and are made a part hereof.

The State of Florida, Department of Military Affairs, objects to and shall not consider any additional terms or conditions submitted by a respondent, including any appearing in documents attached as part of a respondent's response. In submitting its response, a respondent agrees that any additional terms or conditions; whether submitted intentionally or inadvertently, shall have no force or effect. Failure to comply with terms and conditions, including those specifying information that must be submitted with a response, shall be grounds for rejecting a response.

Prior to entering into a contract with the State of Florida, Department of Military Affairs, the selected contractor must be registered with the Florida Department of Management Services (DMS) MyFloridaMarketPlace Vendor Registration

System. Information about the registration process is available, and registration must be completed at the MyFloridaMarketPlace website (link available under BUSSINESS at www.myflorida.com). Prospective contractors who do not have Internet access may request assistance from the MyFloridaMarketPlace Customer Service at 1(866)352-3776.

CLARIFICATIONS/REVISIONS: Before award, the Buyer reserves the right to seek clarifications or request any information deemed necessary for proper evaluation of submissions from all respondents deemed eligible before Contract award. Failure to provide requested information may result in rejection of the response.

The Department reserves the right to accept or reject any or all proposals received and reserves the right to make an award with or without further discussion of the proposals submitted or accept minor informalities or irregularities in the best interest of the State of Florida, which are considered a matter of form and not substance, and the correction or waiver of which is not prejudicial to other proposers. Minor irregularities are defined as those that will not have an adverse effect on the Department's interest and will not affect the price of the proposal by giving a proposer an advantage or benefit not enjoyed by all other proposers. It is understood the proposal will become a part of the Department's official file, without obligation to the Department. Proposals may be rejected if found to be irregular or not in conformance with the requirements and instructions contained herein. A proposal may be found to be irregular or non-responsive by reasons that include, but are not limited to failure to utilize or complete in their entirety prescribed forms, conditional proposals, incomplete proposals, ambiguous proposals, and improper, missing and/or undated signatures.

The Non-Technical Specifications Level IV and V are considered to be applicable to this solicitation and award of contract when made and are made a part hereof.

The State of Florida, Department of Military Affairs, objects to and shall not consider any additional terms or conditions submitted by a respondent, including any appearing in documents attached as part of a respondent's response. In submitting its response, a respondent agrees that any additional terms or conditions; whether submitted intentionally or inadvertently, shall have no force or effect. Failure to comply with terms and conditions, including those specifying information that must be submitted with a response, shall be grounds for rejecting a response.

Prior to entering into a contract with the State of Florida, Department of Military Affairs, the selected contractor must be registered with the Florida Department of Management Services (DMS) MyFloridaMarketPlace Vendor Registration

System Information about the registration process is available, and registration must be completed at the MyFloridaMarketPlace website (link available under BUSSINESS at www.myflorida.com). DEPARTMENT OF COMMUNITY AFFAIRS

To: Local Governments, State and Regional Agencies, Indian Tribal Governments, Private Non-Profit Organizations Submitting Hazard Mitigation Grant Program Applications for the Groundhog Day and Christmas Day Tornadoes

From: W. Craig Fugate, State Coordinating Officer

Subject: Hazard Mitigation Grant Program Funding Summary

Program Summary

The Department of Community Affairs, Division of Emergency Management is pleased to announce the availability of Hazard Mitigation Grant Program (HMGP) funds as a result of the recent Presidential Disaster Declarations (FEMA-1679 and 1680-DR-FL). The HMGP is authorized by Section 404 of the Robert T. Stafford Disaster Relief Act and is designed to assist communities in implementing mitigation measures designed to reduce or eliminate long-term risk to people and property from natural hazards and their effects. DEM is soliciting applications and encourage all eligible applicants to identify and submit

applications that address eligible mitigation activities that are designed to reduce your community's overall risk to hazards. The amount of funding available to the state is based on 20% of the total federal disaster assistance for these events. The application period will close October 15, 2007. Therefore, all applications must be postmarked by October 15, 2007. The Department encourages and welcomes the submittal of complete applications at anytime during this cycle.

Application Timeline

Applications are currently being accepted. The deadline for the submission of applications is October 15, 2007 (postmarked). Applications will only be accepted from eligible applicants as defined in the Minimum Program Eligibility section of this notice. Please provide four completed copies of the State of Florida Joint Hazard Mitigation and Flood Mitigation Assistance Application and all appropriate attachments, which may be obtained at the DEM website located at <http://www.floridadisaster.org/brm/hmgrp/htm>.

Alternatively, you may contact the DEM directly at (850)922-4182. In order to be considered, completed applications must be sent to the following address:

Florida Department of Community Affairs
Division of Emergency Management
Mitigation Section
2555 Shumard Oak Boulevard
Tallahassee, Florida 32399-2100
ATTN: Hazard Mitigation Grant Program

Minimum Program Eligibility

Eligible Applicants: are local governments, state agencies, federally recognized Indian Tribal governments and private non-profit organizations and institutions. Eligible Activities: include mitigation projects that will result in protection of public or private property from natural hazards. Eligible projects include, but are not limited to:

- Acquisition of hazard prone properties
- Retrofitting of existing buildings and facilities
- Elevation of flood prone structures
- Infrastructure protection measures
- Storm water management improvements
- Minor structural flood control projects
- Relocation of structures from hazard prone areas
- Retrofitting of existing buildings and facilities for shelters

The state will not consider funding request for:

- Generators-unless they are an integral part of a larger eligible project (see *Attachment A*).
- Construction of new facilities – however, the cost associated with above code upgrades can be considered.
- Equipment such as emergency pumps, vehicles and communication devices (see *Attachment A*).
- Tree removal.
- *Projects already in progress. (Construction may not begin until the project has met requirements of the National Environmental Policy Act. In addition< the contract between the State and subgrantee must be executed.)*

All projects submitted must meet the following minimum criteria to be considered for funding:

- Conform with the State Mitigation Plan and the respective community's Local Mitigation Strategy;
- Demonstrate cost-effectiveness;
- Is technically feasible;
- Provide a beneficial impact upon the designated disaster area;
- Conform to all applicable environmental laws, and regulations and executive orders;
- Solve a problem independently or constitutes a functional part of a solution;
- Is in an NFIP participating community that is not on probation or have been suspended from NFIP; and
- Meet all applicable state and local codes and standards

Cost-Share Requirements

Under the HMGP, FEMA will contribute up to 75 percent (75%) of the total amount approved under the grant award to implement eligible cost-effective mitigation measures. The applicant must provide the remaining 25 percent (25%) non-federal share. All contributions, cash or in-kind services, are acceptable as part of the non-federal share. Requirements for in-kind contributions can be found in 44 *Code Federal Regulations*, Section 13.24. In-kind contributions must be directly related to the eligible project cost. In-kind resources are those personnel, materials, equipment and supplies owned, controlled and operated by the applicant or a third party contributor. Applicants are encouraged to link HMGP funds with other state, local and private sources.

Pre-Award Costs

Prior to receiving a grant award, Pre-award cost may be requested. Pre-award costs include items such as engineering, environmental study, permitting and other "soft" costs associated with a construction project. *Construction activities are not considered pre-award costs.* Pre-award costs must be requested in writing. Guidelines for pre-award costs are included, see *Attachment B*.

County Fund Distribution

To ensure funds are distributed equitably, declared counties have been assigned a portion of the total HMGP grant. The amount is based on its proportional share of the total federal assistance under the Public Assistance (PA), Individual Assistance (IA) and Small Business Administration (SBA) programs as of June 2007. Commitment of project funds by the Division is contingent upon receipt of appropriate Legislative Budget Authority.

These figures are shown in *Attachment D* and represent the estimated amount of HMGP funds currently available. HMGP funding is available to only those counties that have a FEMA

approved Disaster Mitigation Act of 2000 compliant Local Mitigation Strategy (LMS). Project applications will be considered only if:

- (1) The application is accompanied by an endorsement by the LMS Chairperson or Vice-Chairperson stating that the project is included in the current LMS; and,
- (2) If more than one project is submitted, the endorsement indicates the prioritization. A sample project submission letter is shown in *Attachment E*.

DEM will attempt to fund each submitted project in priority order until the county's allocation has been exhausted. Any allocation remaining after all eligible projects in any declared county are funded shall be re-allocated to those counties included in the relevant disaster declaration whose allocation was not sufficient to fund all submitted eligible projects. Please see explanation of funding tiers in *Attachment E*.

Funding Availability and Notifications

FEMA notifies the State of HMGP funding availability at several milestones:

1. Initial Estimate

This represents an early estimate only, is not an actual commitment of funding by FEMA. It may increase or decrease based on actual disaster claims during the declaration period. These estimates are provided for planning purposes and to jump-start the HMGP application process.

2. 180 Days from the Date of Declaration

This represents the State's Lock-in Amount. It is the minimum the State can expect to receive from FEMA. County allocations listed in *Attachment C* are based on this estimate. After this disclosure, HMGP funds to the State cannot be decreased.

It is important for potential applicants to recognize that HMGP funds are contingent upon FEMA's reexamination of the disaster figures at the given time intervals. A county's funding allocation can increase or decrease after it has submitted an application.

Technical Assistance

DEM is in the process of scheduling HMGP application development workshops. The date, time, location and a short overview of the workshops will be posted on the DEM website www.floridadisaster.org. DEM will provide technical assistance throughout the application process. DEM will be available to assist with the application process, Benefit Cost Analysis, Engineering Feasibility and Environmental/Historical Preservation Compliance. If there are any questions regarding the allocation of funds or the project review and selection criteria, please call Bureau staff at one of the following numbers:

(850)922-5944 (Program Eligibility)

(850)922-5779 (Environmental)

NOTICE OF INTENT TO ISSUE PROPOSED

MODIFICATION OF POWER PLANT CERTIFICATION

The Florida Department of Environmental Protection (Department) hereby provides notice of an intent to modify the Power Plant Conditions of Certification issued pursuant to the Florida Electrical Power Plant Siting Act, Chapter 403.501 et seq., Florida Statutes, concerning: Cedar Bay Cogeneration Facility, Power Plant Siting Application No. PA 88-24H, OGC Case No. 07-1180. On May 30, 2007, the Department received an application to modify the Conditions of Certification for Cedar Bay Cogeneration Facility from Cedar Bay Cogeneration, Inc., pursuant to Section 403.516(1)(c), Florida Statutes, to modify sampling and testing requirements and to retire the Facility's ash pelletizer system and associated emission units.

A copy of the proposed modification may be obtained by contacting Michael P. Halpin, P.E., Administrator, Siting Coordination Office, Department of Environmental Protection, 2600 Blair Stone Road, M.S. 48, Tallahassee, Florida 32399-2400, (850)245-8002.

Pursuant to Section 403.516(1)(c)2., Florida Statutes, parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to

file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the Office of General Counsel Department, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, within the specified time period. If no objections are timely received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.

**NOTICE OF DRAFT EVERGLADES FOREVER ACT
PERMIT, PUBLIC MEETING, AND OPPORTUNITY FOR
PUBLIC COMMENT**

The Florida Department of Environmental Protection (Department) gives notice of the preparation of a draft permit under the Everglades Forever Act (EFA), Section 373.4592, Florida Statutes, to be issued to the South Florida Water Management District (SFWMD), 3301 Gun Club Road, West Palm Beach, Florida 33406. This permit, when issued, will authorize modifications to, and continued operation of, Stormwater Treatment Areas 1 East (STA-1E) and 1 West (STA-1W). STA-1E and STA-1W are created wetlands treatment systems that discharge treated surface waters into Water Conservation Area (WCA) 1, which is part of the Everglades Protection Area and which is also known as the Arthur R. Marshall Loxahatchee National Wildlife Refuge. (The Everglades Protection Area is defined in Section 373.4592(2), Florida Statutes as WCA-1, WCA-2, WCA-3, and Everglades National Park). STA-1E and STA-1W are part of the Everglades Construction Project as defined in Section 373.4592(2)(g), Florida Statutes. The following permits have previously been issued by the Department to SFWMD for the operation and maintenance of these structures: Everglades Permit Nos. 0195030 (STA-1E EFA Permit), FL0304549 (STA-1E NPDES Permit), 0226317 (STA-1W EFA permit), and FL0177962 (STA-1W NPDES permit). A request to

modify the NPDES Permit Nos. FL0177962-002-IW7A and FL0304594-002-IW7A has also been received and is being processed.

The Department also announces a public meeting to which all persons are invited.

DATE AND TIME: Friday, July 20, 2007, 7:00 p.m. – 10:00 p.m.

PLACE: Florida Department of Environmental Protection, Southeast District Office, 400 N. Congress Avenue, 2nd Floor, Main Conference Room, West Palm Beach, Florida 33401

GENERAL SUBJECT MATTER TO BE CONSIDERED: The public meeting, which will occur immediately after the previously noticed public meeting on the draft permits for STA-2, STA-5 and STA-6, will provide an opportunity for the public to provide comments and pose questions regarding the proposed EFA permit for STA-1E and STA-1W, and the associated data and supporting documentation submitted as part of SFWMD's permit application.

Copies of the agenda for the public meeting, the draft permit, the permit application and supporting data, and other relevant material can be obtained prior to the public meeting by written request to: Ernie Marks, Florida Department of Environmental Protection, Water Quality Standards and Special Projects Section, 2600 Blairstone Rd., MS 3560, Tallahassee, FL 32399-2400, (850)245-8440 or online <http://ftp.dep.state.fl.us/pub/water/everglades/STA-1E&1W%20Combined%20EFA%20Permit/>. This material is also available for public inspection at the Department's above address during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays. All data submitted by the applicant is available as part of the administrative record.

Any interested person may submit oral or written statements and data regarding the draft permit for STA-1E and STA-1W in advance of the public meeting or at the public meeting. As a result of significant public comment, the Department's final action may be different from the position taken by it in the draft permit. Written comments should be sent to: Ernie Marks, Florida Department of Environmental Protection, Water Quality Standards and Special Projects Section, 2600 Blairstone Road, M.S. 3560, Tallahassee, Florida 32399-2400. Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this hearing is asked to advise the agency at least five (5) days before the hearing by contacting Ernie Marks at

(850)245-8440. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

The Department of Environmental Protection gives notice that it intends to grant a variance request from the City of North Port, received on February 13, 2007, for its public water system located near the intersection of U.S. Highway 41 and North Port Blvd. in Sarasota County. The request was filed under the authority of Rule 62-560.510, F.A.C., and was for relief from the secondary drinking water standards for total dissolved solids (500 mg/L) and sulfate (250 mg/L). The variance intends to allow total dissolved solids not to exceed 1000 mg/L and sulfate not to exceed 500 mg/L during the duration of the variance that is until June 30, 2012. After that date, the City must have treatment in place to remove the excess concentrations of these parameters. The file number is OGC File No.: 07-0474.

A person whose substantial interests are affected by the Department's action may petition for an administrative hearing under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Blvd., Mail Station 35, Tallahassee, Florida 32399-3000, within 30 days of this notice.

Mediation is not available.

If a timely and sufficient petition for administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2), F.A.C., and paragraph 62-110.106(3)(a) and subsection (4), F.A.C., petitions for an administrative hearing must be filed within 30 days of publication of the notice or receipt of written notice, whichever occurs first. Under subsection 62-110.106(4), Florida Administrative Code, a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Blvd., Mail Station 25, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time will toll the

running of the time period for filing a petition until the request is acted upon. Upon motion by the requesting party showing that failure to file a request for an extension of time before the deadline was the result of excusable neglect, the Department may also grant the requested extension of time.

The petitioner shall mail a copy of the petition to the applicant, City of North Port Utilities at 6644 West Price Blvd., North Port, Florida 34286, at the time of filing.

The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute waiver of that right.

A petition that disputes the material facts on which the Department's action is based must contain the following information: a) the name and address of each agency affected and each agency's file or identification number, if known; b) the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding, and an explanation of how the petitioner's substantial interests are or will be affected by the agency action; c) a statement of when and how the petitioner received notice of the agency decision; d) a concise statement of all disputed issues of material fact. If there are none, the petition must so indicate; e) a concise statement of the ultimate facts alleged, including the specific facts the petitioner contends require reversal or modification of the agency's proposed action; f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information set forth above, as required by Rule 28-106.301, F.A.C.

Under Sections 120.569(2)(c) and (d), Florida Statutes, a petition for administrative hearing shall be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed. Complete copies of all documents relating to this determination are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, at Department of Environmental Protection, Southwest District, 13051 North

Telecom Parkway, Temple Terrace, Florida 33637. Please contact Gwen Shofner, Drinking water Program Manager at (813)632-7600, ext. 306.
